EXTENSIVE REINFORCEMENT: The plus series offers great deal of palm and finger coverage, specifically the General Utility and the Carpenter. Further, the PVC based asphalt reinforcement material is a tough, tacky, and supple reinforcement.

CUFF: All plus series gloves feature a FlexMesh™cuff which is the most snug, supportive, protective, breathable and comfortable cuff closing system on the market.

THUMB CUT: AKA "English Thumb" - The most anatomically correct palm construction on the market prevents bunching between the thumb and index finger. The English Thumb is a 3 - Dimensional design.
